SUGGESTIONS ARE PREPARED FOR PRESIDENT

Involve Some Legislation and Suggestions Made at Last Meeting of Cabinet, Palmer Says.

WHAT THE LATTER INCLUDES

Assumed They Had to do With Prosecution of Food Profiteers Because of Ames' Presence

SENATE RECOGNIZES CLAMOR

Agriculture Committee to Begin Consideration of Bills to Regulate Packers Aug. 18.

(By United Press.)

Washington, Aug. 5.—"Certain definite suggestions" for reducing living costs have been prepared for submission to President Wilson late today, it was announced by Attorney General Palmer this afternoon. Palmer's announcement came at the conclusion of a three and a half hour conference of eleven cabinet members and government officials at his office. These officials heard the recommendation of the subcommittee which had been investigating food prices.

"The suggestion involved some legislation," Palmer said. "They include all those made at the last meeting when economic discussions began and some other suggestions made today."

Suggestions made at the last meeting include, it has been understood, reduction in the price of wheat and other necessities, lessening dealers in necessities and revival of part of the food administration machinery.

It was assumed that they had to do with prosecution of food profiteers because of the presence at the meeting of Charles Ames, special assistant to Palmer, in charge of anti-trust legislation and administration of the food and fuel act.

Increasing pressure for reduction in the cost of living today brought definite action in congress. The senate agriculture committee voted to begin consideration Aug. 18 of the Kenyon and Kendrick bills to regulate the packers.

This was considered by many the most important action yet taken by congress with regard to bringing down prices.

President Wilson and members of his cabinet met today in an effort to devise means to cut living costs.

Both the president and his advisers, it was learned, consider speedy action imperative in view of the nationwide clamor for relief and are desiring to force an early improvement in the situation.

Possible plans of action were put into shape for presentation to the president and his cabinet at an early conference under leadership of Attorney General Palmer.

K. OF C. PICNIC TOMORROW

Local Knights Are Going From Here in Machines.

The Knights of Columbus from Greensburg, Batesville, Shelbyville and this city will hold a picnic tomorrow afternoon at Lake McCoy, near Greensburg, and all the Knights and their families are invited to attend. Many local Knights are planning on going in machines, with their families, and an enjoyable afternoon is promised for all who attend. A big basket dinner will be held at six in the evening. Any of the local Knights who wish to go, may find accommodations by calling on Jack Knecht.

TWO NEGROES ARRESTED

Others Are Sought at Trenton, N. J., Following Quarrel With Whites.

(By United Press.)

Trenton, N. J., Aug. 5.—Two negroes are under arrest and two others are being sought as the result of trouble between whites and blacks in North Trenton early today. It was thought the negroes pushed several white men from the sidewalk and began shooting when their actions were resented.

Police were rushed to the scene and more than a dozen shots were exchanged.

DANGER OF A COAL FAMINE LOOMS AHEAD

Senator Pomerene Says Shortage is Probable if Mines do Not Get Cars

DANGER IN THE SITUATION

(By United Press.)

Washington, Aug. 5.—Danger of a coal famine added itself today to the complications congress faces in the railroad and high cost of living problems.

While the senate agriculture committee met to take up the food problem in a general way and the interstate commerce committee, met to consider the railroad wage problem, senators were considering some way to get the coal difficulty solved before the approach of winter makes it acute.

"Coal men in Ohio and West Virginia have informed me," said Senator Pomerene, "that they can not get cars."

"If this situation does not change, mines will be out of work and next winter's mills will shut down, business will stagnate and terrible suffering will result."

Apropos of the above dispatch, local people who were motoring in Madison county Sunday, report that they saw a string of empty coal cars, at least a mile long, on a siding in the vicinity of Pendleton—and there aren't any coal mines in many miles of Pendleton.

CRUEL AND INHUMAN TREATMENT ALLEGED

Gladys M. Woods of Washington Township Asks Divorce From Charles Woods

WANTS MAIDEN NAME BACK

Alleging cruel and inhuman treatment, Gladys M. Woods, by her next friend, Martha F. Black, today filed suit for divorce against Charles Woods, and asks that her maiden name of Gladys Black, be restored.

Mrs. Woods, who is under 21 years of age, says that they were married June 5, 1918 and separated July 11, 1919, and that for the last six months they have been residing in Washington township, prior to which they lived in Kokomo. She alleges cruel treatment in that he cursed and called her vile names, and often threatened to strike her.

She also alleges that he failed in his support, that he refused to buy her clothing and the necessities of life, or furnish a home to live in. She states that he spent his money for gambling, and frequented pool rooms.

Mrs. Woods asks the court to divorce them and restore her maiden name of Gladys Black and asks that she be given a reasonable amount of money for allowance during the pendency of the case and that he be compelled to pay the court cases.

VACATION COURT IS "DARK" TODAY

No Trial Today and Prospects are Two Cases Set for Tomorrow Will not be Tried.

FARLOW CASE COMPROMISED.

Written Agreement Filed Under Which Defendant, J. D. Farlow, Will Give Possession Sept. 1.

There was no business today in the week's vacation term of circuit court which opened yesterday, but other cases will likely be tried before the week is over. Judge Will M. Sparks was in Noblesville on business related to the will case, in which he will sit as special judge.

The cases of the state against James Taylor, charged with removing mortgaged property, and the state against Ross and Carl Parrish of Carthage, are both set down for tomorrow, but it is not likely that either will be tried because the jury has not been called. The Parrish brothers are accused of keeping gaming devices and it is said that Taylor is not in the county.

Walter Smith was awarded two judgments by Judge Sparks yesterday against Chase G. Cross and his wife, Jennie Cross, both of whom defaulted. One was for \$446.29, without relief, on a chattel mortgage, and the other which was against both Cross and wife, was for \$4,227.26 without relief. The latter was on notes and to foreclose a mortgage. The defendants are to pay the costs in both cases.

An echo of the Charles C. Jeffrey-Smith episode in Milroy was heard when two suits filed against him were dismissed yesterday, the former soldier settling both of them, which resulted in the plaintiffs filing motions to dismiss. One was filed by Ray Keys of this city for \$75 on an account and the other by Frank McCorkle of Milroy, for attachment and damages in the sum of \$100.

The Continental Finance and Securities company dismissed its suit for replevin and damages in the sum of \$200, against Wilbur E. Peck.

The case of Washington Farlow against his son, John D. Farlow, to cancel a lease, which was to come to trial yesterday afternoon, was compromised and dismissed when a written agreement was filed with Special Judge F. M. Thompson of Versailles.

Under the terms of the agreement, the defendant is to give possession of the farm September 1 and to pay all the costs of the case, providing the depositions taken by the plaintiff do not amount to more than \$50. The case was to come to trial in June, but was postponed at that time after an agreement was reached whereby the defendant was to turn over one-half the proceeds of the wheat crop to Perry Innis, acting as trustee for the plaintiff. This agreement was carried out.

ROUMANIANS IN BUDAPEST

Holding Hungarians as Hostages, According to Paris Report

(By United Press.)

Paris, Aug. 5.—According to reports received here today, the Roumanians have entered Budapest and are holding several Hungarians as hostages.

The Roumanian forces have established a military dictatorship and threaten to shoot five Hungarians as reprisal for every attempt made against a Roumanian.

San Francisco, Aug. 5.—Whole salers announced today a reduction of 40 cents a barrel in the price of flour. This followed a similar reduction a week ago.

BIG FARMS BRING OVER \$200 AN ACRE

Those Known as Dr. Smith, John L. Moor and Ira Ayres Places all Are Sold, Lately.

JOE AMOS ALSO SELLS OUT

Rumor That Pete Hollowell Farm Had Been Sold for \$325 an Acre Can Not be Confirmed.

Indications point to some very interesting farm sales which will take place in the next thirty days, and will set a new high level for Rush county land. Many Rush county farms have been sold recently for big money, and added to the ones which have already been sold, are a few more, which have brought good money.

John Gartin has sold his 114-acre farm, known as the old Dr. Smith place, to Edmund Gartin for \$225 an acre. John Gartin then purchased the Joe Amos farm, east of the city, for \$250 an acre, a farm consisting of 137 acres.

Dusty Miller has purchased from H. D. Templeton of St Paul, the Ira Ayres farm, just east of Rushville, for \$30,000, a local real estate dealer stated today. It consists of 163 acres. After buying this farm, Mr. Miller sold one-half interest in it to Albert L. Winship.

Mrs. A. L. Chew of this city and James F. Moor of Fort Wayne yesterday sold what is known as the John L. Moor farm in Richland township for \$240 an acre to George W. Durn of Fayette county. The farm consists of 156 acres and brought \$37,440. Mrs. Chew, who was the widow of the late John L. Moor, and Mr. Moor, who was his son, announced that they would buy another farm. They will give possession March 1, 1920.

There was a well defined rumor today that George W. Lawson of Anderson township had sold the Pete Hollowell farm in Washington township for \$325 an acre. The report could not be confirmed, but if it be true, this is a new high record for Rush county farm land. The Hollowell farm, which was sold several days ago for \$300 an acre, was the largest one ever sold in Rush county for that sum. Only two other sales at \$300 an acre are on record, and they were both smaller farms.

Mr. Lawson has no telephone and could not be reached today to verify the story that he had sold for \$325 an acre after owning the farm only a short time. He was not to get possession of the farm until March 1, 1920. There was some inclination to disbelieve the story because both Mr. Lawson's son and brother were called by telephone, and neither knew anything about it. At the home of his son, it was stated that Mr. Lawson was seen Sunday and did not then say anything about having disposed of his recently acquired farm.

(By United Press.)

Indianapolis, Ind., Aug. 5.—George Lockwood will be a candidate for republican nomination for the governorship of Indiana, it was stated by persons in connection with the state republican central committee today.

Lockwood is publisher of the Muncie Press and at present is editing the National Republican at Washington, the national organ of the republican party.

ANNUAL OUTING FOR THE CHILDREN TUESDAY

Each Will be Given Card Entitling Them to Dinner, Lemonade, Ice Cream and Candy

ALSO WILL GET AN AUTO RIDE

The annual outing for the poor children of the city will be held next Tuesday, under the auspices of the local branch of the Salvation Army. The picnic this year will be held in the vicinity of the White bridge, along Flatrock, northeast of Rushville. The annual outing will be given not only for the poor children, but for the entire Sunday school of the Salvation Army church.

The various committees which have been appointed to look after the affairs of the day, are as follows: transportation, Envoy Gipson, and 2nd. Major Hunter; sports, Capt. Tench and Rash Bennett; lunch, Mrs. Tench, Mrs. Gipson, Mrs. Hunter, Mrs. Newman and Miss Alice Montpeit.

The children will be given cards which will entitle each one to four drinks of lemonade, 2 dishes of ice cream, candy, free dinner and an automobile ride.

LIVERPOOL RIOTS BELIEVED QUELLED

One Person Killed and Others Will Die From Bayonet and Gunshot Wounds During Rioting

400 PEOPLE UNDER ARREST

(By United Press.)

Liverpool, Aug. 5.—With a military cordon surrounding the city, Liverpool was quiet last night and hope was expressed today that the trouble growing out of the police strike had ended.

One person was killed last night and others may die as the result of bayonet and gunshot wounds received in rioting. At least 100 persons were severely hurt during the riots.

Four hundred persons were arrested. Many stores were wrecked or looted. The damage to property is estimated at a million and a half dollars.

Two thousand troops, a dozen tanks, machine guns and cavalry were here to maintain order.

FOUR LOCAL BOYS ARE HOME

Three Discharged From Navy and One From Medical Corps

Four more Rush county boys who served in the war have arrived home being only recently discharged. Eugene Helm was discharged from the navy and Richard Risk, also of this city, was discharged yesterday after serving in the navy. William Coon of near New Salem is home having just been released from the navy. Courtland Spivey of this city is home, being mustered out of service. He was in a medical corps overseas.

DEMANDS CAPITAL GIVE UP RAILROADS

Organized Labor Insists on Control by Public, Operating Management and Employees

TO CHANGE PROFIT SYSTEM

Would Reimburse Owners With Government Bonds for Every "Honest Dollar They Earned"

(By United Press.)

Washington, Aug. 5.—Nationalization of American railroads with possible to spread to many other industries, came to the front in Washington today in discussion in the labor and high cost of living conditions which confront the government.

When representatives of the four great railroad brotherhoods appear tomorrow before the joint congressional committee which will hear their suggestions for settlement of the railroad property, they are expected to demand flat retirement of capital from the railroads; for purchase of the roads from their present owners; for payment to be made in government bonds and for future control of the lines by corporations in which the public, the employees and the operating management shall have equal rights.

Washington, Aug. 5.—Organized labor was before the nation today with a demand that private capital be retired from railroad operation, and that here be substituted a tripartite control of the railroad properties by the public, the operating management and the employees.

The demand of organized labor, presented in a signed statement by the engineers, firemen, conductors and the American Federation of Labor, was recognized in Washington as the most far-reaching proposal yet placed before the nation during its reconstruction period. Officials refused to predict its outcome. Tomorrow it will be formally laid before the house interstate commerce committee by Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers; Frank Morrison, secretary of the American Federation of Labor, and Glenn E. Plumb, general counsel for the Organized Railway Employees of America.

The proposal in the words of its authors, "marks the step by which organized labor passes from the demands for wage increases to demands that the system of profits in industry be overhauled."

In eliminating private capital from the railroads, the labor plan not only proposes, but demands, that the present private owners be reimbursed with government bonds for "every honest dollar they have invested;" that the public, the operating managements, and labor share equally in corporations to take over the railroads, and that in all revenue in excess of the guaranty to private capital the operators and employees share one half and the public receive the other half "either by increasing the means for service without increasing fixed charges, or by reducing the cost of the service which the machinery then in service can render."

The trainmen are not represented in the statement because W. G. Lee, president of the brotherhood, was out of the city, but it was said that they join in it.

FOOD COST PROBE STARTS

Cleveland, Od., Aug. 5.—A comprehensive investigation into the high cost of living began today when fifty men engaged in business were summoned to testify before a special grand jury. The prosecutor will also present evidence gathered from food producers, middlemen, merchants and consumers.

CONFERENCES TO SETTLE STRIKE

Chicago Conversations Expected to go Long Way Towards Ending Walkout of Shopmen

INQUIRY MAY BE DEMANDED

(By United Press) Chicago, Aug. 5.—Conferences here today were expected to go far towards clearing up the strikes of railway shopmen which is being felt in many parts of the country.

Union leaders declare nearly 250,000 men are already affected, nearly 30,000 in the Chicago district alone.

The first attempt was to be in the form of conversations between union heads and railroad administration zone executives. A second was to be through the United States Department of justice. Railroad executives were said to be ready to ask an investigation of the present strike because it was unauthorized.

COMMISSION SEEKS CARS TO MOVE GRAIN

State Body Wires Railroad Administration That They Are Needed to Move Grain

THE CONDITION EXISTS HERE

Indianapolis, Ind., Aug. 5.—The public service commission today forwarded the following telegram to Max Theren, director of the division of public service of the United States railway administration:

"Farming sections throughout the state are complaining to this commission that thrashing has ceased, and elevators are full of grain because there are no cars to move the same. Conditions alarming. Please apply every resource at your command to relieve the situation. Advise the commission of the prospects."

"J. W. McCordle, a member of the committee."

Members of the commission said that the railway administration seems to be forgetting this part of the country.

It will be recalled that Rush county was among the first in the state to feel the car shortage. Several elevators had to close down last week because they had reached their storage capacity and were without cars to ship wheat.

INTENSE HEAT IS BROKEN

Storm Consisting Mostly of Wind Brings Relief This Afternoon

Last night and today was thought by many people to be the hottest of the entire season, and those who were not prepared to sleep in the open last night, suffered from the intense heat. The sun came out very hot early this morning and by noon the temperature had gone up to about 97 degrees.

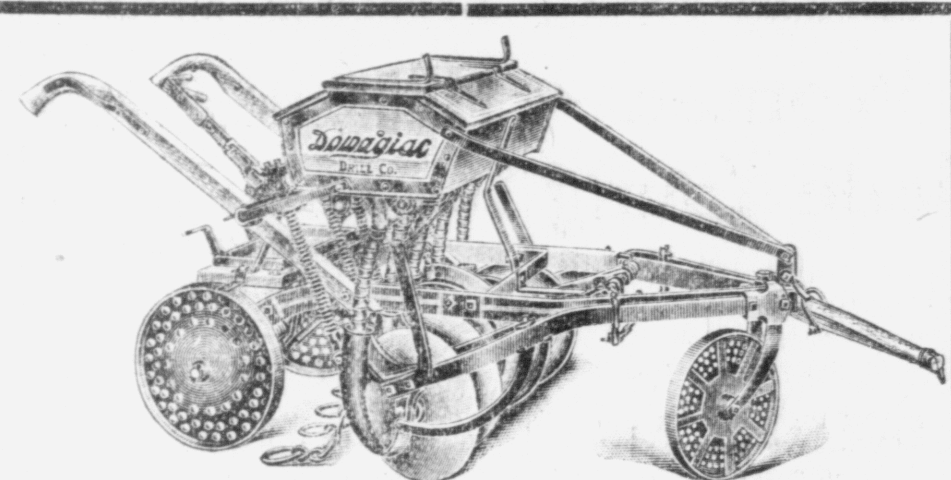

The intense heat was broken this afternoon about two o'clock with a thunder storm, which consisted mostly of wind in this locality, but what rain did fall was appreciated as it helped the grass and corn. The storm circled around toward the north, and a heavy rain-fall and storm was in progress around Newcastle.

Dowagiac Steerable One-Horse Disc

The front wheel is a caster wheel permitting a short turn without lifting the drill and making steering between crooked rows easy.

The feeds are chain-driven from the axle of the two rear wheels which have ratchet hubs making both wheels drivers.

The Dowagiac five disc is self-guiding. It trails so perfectly that when the horse is driven midway between the corn rows the driver need not touch the handles and at the ends of rows the drill follows the horse in making the short turn. Each disc has independent up and down motion with spring pressure—the only way for uniform depth on uneven ground. How Acme Worm Bouncer Expels Worms

When the hogs and pigs eat anything the Free Intestinal worms do not like, they lay dormant. The hog which is fed Acme Worm Bouncer in the SELF FEEDER eats a little—several times a day. The WORM BOUNCER goes into the stomach and intestine—STRAIGHT. The time comes when the worm must eat, and when he does, the Acme Worm Bouncer PARALYZES the worm—he then must let go—and in that manner the Acme Worm Bouncer expels the worms and EXPELS THEM ALIVE from 5 to 7 days after you commence to feed Acme Worm Bouncer.

Acme Worm Bouncer is fed with perfect safety to all pregnant animals, whereas any remedy that kills the worm in the INTES-TINES AND STOMACH is very injurious to the animal and very dangerous to use.

STRIKES DON'T
BOTHER BERLIN

Last Few Months They Have Been
Numerous But People Didn't
Lose Their Temper

CAR STRIKES ESPECIALLY

Residents Either Walked or Else
Rode on Wagons Which Were
Fixed With Seats

(By United Press.)

Berlin, (By Mail).—When it comes to taking strikes philosophically and good naturedly—Germany wins easily. She has been undergoing months of strikes of various kinds, and merely taking them as "all in a lifetime." Particularly difficult for Berlin has been the trolley, elevated and subway strike. But Berlin didn't lose its temper over it. It merely walked to work or caught a ride on improvised carryalls and didn't curse the luck except mildly. As for violence, there was none except in a few isolated cases where striking carmen were personally abused.

Another strange part of the situation was the fact that though the government could undoubtedly have resorted to the American expedient of strike-breaking in order to operate some cars, this was not even attempted.

Berlin had to get to its work and play as best it could, or else stay home.

The result was that thousands of early risers did many miles more walking for several days than they had ever previously undertaken for a lengthy period. Huge drays were fitted up with seats or benches and rich and poor crowded in, good naturedly, while the drayman reaped a harvest beyond his fondest hopes. Chairs or ladders were carried on all these "busses" so that women passengers could go abroad or alight with ease.

The only thing that seemed to worry Germany at all in the recent strikes was the fact that the railroad troubles threatened for a time to be sufficiently serious as to hamper badly the transportation of food and coal. This would have been decidedly serious, for Berlin and, in fact, other German cities are literally living from hand to mouth, both as regards coal and food. A few days complete tieup of the railways would mean starvation.

The Impending Storm

Profiteering may yet be the undoing of this country. No nation ever is greater than the government it maintains, and if the government does not conserve the interests of the people the people in time lose confidence in that form of government.

The greatest crime in the history of our country is that of profiteering, wholesale and deliberate robbery of a helpless people.

Prices have been artificially forced to such a high altitude that it is becoming more and more difficult for a poor person even to sustain life.

The law of supply and demand no longer prevails. It has been substituted by one of gouge and grab.

Our government should take warning while there is yet time. Profiteering of profiteering should cease at once, and prosecution should be swift and relentless.

We can not afford to have our great country wrecked upon the rock of greed and avarice. And yet today, because of the supine inactivity of our public officials, we are heading straight toward destruction.

Public endurance is at the breaking point. The government should heed the impending storm, before it is too late to prepare to meet it.

At last the president and congress are about to give earnest attention to the urgent need of reducing the high cost of living. It is said that there will be a most careful consideration of all plans to this end which give promise of success, and it is intimated that the president is prepared, if necessary, to resort to heroic measures. It is even suggested that the Federal Government may resume food control with Herbert Hoover again in charge.

Of course there is some talk of enforcement of the old Sherman law but almost everyone now realizes that any hope of relief from such action is groundless since that so-called "anti-trust" statute has long since been demonstrated to be a dead letter. Some are hopeful that the popular sale of surplus army food supplies will help the situation, but it is evident that any results from this source will be but temporary.

Glad Sister Escaped Operation

"Physicians had given my sister up to die; they wanted to operate for gall stones, but she was too weak and could only talk in whispers. I got her a bottle of Mayor's Wonderful Remedy and in 3 weeks she was able to get about and walked a mile to church." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Everywhere.—(Adv.)

Pride yields to an empty stomach when all else fails.

The names we call other people very often fit us better than them.

Arguments that have to be backed by brickbats are never backed by reason.

No human agency founded upon error can ever stop a human agency founded upon right.

Hez Heck says: "Leg shows on the stage are getting to be as bad as they are on the street."

People in cities think they know all about farming if they can keep a rubber plant growing.

Wages are getting so high that a boss' only salvation lies in putting himself on the payroll at the union scale.

ary and unimportant. It is also feared that but little, if any, real and lasting benefits can be expected from the re-instatement of Mr. Hoover as food dictator. His regime of unpalatable war bread, microscopic sugar rations, and meatless and wheatless days may have served a necessary purpose during the war period, but to most of our people the experience was by no means pleasant and there is no desire for a continuation of the Hoover food experiments.

The real trouble lies in the fact that there has been, and still is, an enormous amount of profiteering by producers, manufacturers, middlemen, retailers and others throughout the whole country, at the expense of consumers; and it is this fact that is almost entirely responsible for the present high and rapidly increasing prices. It is well enough to talk of prosecuting profiteers, but that is a slow process at best; and even if such criminals were promptly convicted and fined, the amount of the fines would in all probability eventually be paid by the consumer through the fixing of still higher prices, so that the chance of relief from any such method is hopeless.

The only course that seems to promise any real relief is that of government price-fixing or profit-limitation. Such plan could be quickly put into effect through the creation by law of a board or commission for the purpose of fixing prices or profits. Extortionate profit-taking is as really criminal as is extortionate interest-taking. It is only another form of usury, and it must be legally designated as a crime and treated as such if it is to be suppressed.

It is easier and cheaper to learn how to pick out loafing from laying hens than it is to pay their board out of your own pocket with the present high prices of feed. Culling demonstrations throughout the state bring the advantages of the agricultural college to your door. Attend one of the demonstrations and learn how to pick out the slacker hen.

Love of country can only be fostered where government is founded upon justice and humanity. Profiteering and greed engenders only suspicion and disgust in the mind of a suffering people.

It is better to be an old man's darling than a young man's slave—provided the old man is a man and not a silly ass.

Got the dumps, brother? Cheer up—it will be worse. When the cost of grub goes higher your spirits will be lower.

Why bother with swatting the fly when the world is full of wasps and profiteers?

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

Ezekial Jabson and friend wife went to market in the long wagon; and mother was on a rear seat, hidden behind vegetable baskets. Just as they were half way over Fordham Creek, and lurching and bumping their way across the shallows, Ezra Kinzel, returning to his farm on horseback, accosted Ezekial. Presently he said:
"How's your wife?"
"Oh, she's all right. She's back there," indicating the rear seat, hidden by baskets.
"No she ain't," said Ezra, craning his neck.
"Ain't she?" said Ezekial calmly.
"That's peculiar—oh, I guess maybe that was the splash I heard a minute ago."

CREDIT GUIDE WILL APPEAR HERE SOON

Merchants Endorse Rating System of the Mercantile Agency of Pittsburgh

PUBLISH EXPERIENCE GUIDE

The merchants of Rushville are endorsing the rating system of the Mercantile Agency of Pittsburgh, publishers of the Credit Experience Guide, which is an expression of business men based solely upon the actual experience, showing the record made by their customers for paying their accounts and establishing their reputation for credit among the subscribers to the Credit Experience Guide. Each subscriber furnishes a complete list of his customers from his books, rating them according to a scale of ratings, indicating the different grades of kind of pay based upon his credit experience with them. It is more reliable than any reference the party may give as to his credit and paying qualities because he will only refer to those who speak well of him and he will keep in the back ground those whom he has not paid. This system brings to light all his good and bad paying qualities alike, and wherever it has been established, it has created a different and better feeling between the merchant and customer. It has brought about a fuller understanding of their relationship to each other and it has increased confidence, as well as dispelled doubts and uncertainty in their community because it classifies the prompt paying, desirable customers, the negligent and slow pay and those who do not pay at all. It works no one injustice to either class, but is a direct benefit to all those who pay their bills regardless of their financial standing, it is declared. A poor man is benefited because it places him in a position where he is not subject to adverse reflection when he asks for credit. Many of his class are refused credit because of their neighbors who do not pay. A prompt paying customer is certainly not ashamed of having his credit standing known. The negligent and slow paying become more prompt and those who can't and won't pay are shown in their true light.

1920 Model K-45

Buick Five-Passenger Touring Car

THE BUICK Model K-Six-45 is a very capable open car for five persons, designed to cover the multitude of uses to which such a car is put. It differs from the big seven-passenger model only in tonneau and chassis length, possessing the same degree of ruggedness, easy-flowing power and mechanical excellence.

The tonneau is even more liberally proportioned. The seat is full three-passenger capacity, set at a comfortable angle. The sides are upholstered clear to the doors with the same French pleated leather used on the cushions and seat backs. Each of the four doors is equipped with a side pocket for storing small parcels. The instrument board is illuminated by a dash lamp. Top and side curtains are made of high grade fabric, the curtains swinging open with the doors. Behind the front seat is a very convenient pocket for storing the side curtains when not in use.

Quit Laxatives, Purges; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

BELCHING

Caused by
Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach miseries. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cirrhosis of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.

A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.

FUNERAL FOR MRS. LEWIS HELD TODAY

Highly Esteemed Manilla Woman
Commits Suicide by Jumping
in Well at Her Home

BODY IS FOUND BY HER SON

Constant Worry Over Health is Believed to Have Been Cause
For Taking Life

Funeral services were held this morning at ten o'clock for Mrs. Jennie Lewis, who committed suicide at her home in Manilla, Sunday afternoon, and burial was made in the cemetery in Manilla. Mrs. Lewis was found dead by her son Lew Lewis, about 5:30 Sunday afternoon, having drowned herself in a cistern, at their rear of their home in Manilla. There was only 30 inches of water in the cistern.

Mrs. Lewis was 68 years of age, and the motive of the suicide is supposed to be due to ill health, which had caused her great worry for sometime. When the body was found, indications were that life had been extinct for a long time.

Mr. Lewis left the home early in the afternoon to attend to some business in Manilla; his mother was alone after he left her and it is believed that she immediately prepared for death. She had attended Sunday school yesterday morning, as was her custom, and gave no indications that she meant to take her life, although her acquaintances state that for the last few days she has been more despondent than usual over her failing health. When Mr. Lewis returned to his home Sunday evening, he found the doors to the home securely locked and it was then that he found the lid off the cistern and discovered the body of his mother below.

The manner of Mrs. Lewis' death is a terrible shock to her family and also to the entire Manilla community, where she was held in such great esteem. It is known that her illness must have caused her more suffering than was understood, to suggest the attempt on her life. She was one of the leaders in community life in Manilla and at all times was an authority on subjects of interest for the betterment and uplift of the character of the habitation of that vicinity.

She was a daughter of the late Mr. and Mrs. John W. Riley and was born in Poplar Plains, Ky. Aug. 8, 1850. Mr. Riley for many years was a business man of Manilla. Practically all her life had been lived in Manilla and she was one of its staunch citizens. Her husband passed away about twenty-three years ago. Besides the son, Lewis, who lived with his mother, and who was Walker township trustee, there is another son, Leonidas, of Indianapolis, formerly a newspaper man of Shelbyville, Rushville and Indianapolis, and there is one daughter, Miss Laura, of Indianapolis, and one sister, Mrs. Josephine Holbrook of Shelby county.

MRS. ELIZA A. SPEER DIES THIS AFTERNOON

One of City's Oldest Residents, Expires at Age of 88 at Home in North Willow Street

MOTHER OF MRS. T. H. REED

Mrs. Eliza A. Speer, one of the oldest residents of this city, died this afternoon about two-thirty, at her home, 725 North Willow street, death being caused from senility. Mrs. Speer was 88 years of age, and had been gradually growing more feeble day by day.

Mrs. Speer is the last of a large family of children. She was the mother of the late Mrs. Theodore H. Reed. She was born September 26, 1831, and lived in Cincinnati for a number of years, coming to Rushville 15 years ago, so that she could be closer to her daughter, Mrs. Reed.

The deceased made her home with an unmarried daughter, Anna Belle of this city, and is survived by this daughter and Mrs. Nettie Bonner of Due West, S. C., and two sons George of St. Louis and Thomas A. of Kansas City. Funeral arrangements will be announced tomorrow.

SUGGESTIONS ARE PREPARED FOR WILSON

Continued from Page One
torney General Palmer. This conference had before it the report of a subcommittee which was named to sift thorough plans offered and discard those on which there is least agreement.

Julian Barnes of New York, who at director and Gov. Harding of the federal reserve board, were invited to today's conference.

Barnes, it was learned, was to be queried on the feasibility of having the government purchase the present grain crop at guaranteed prices and resell on the market at a lower figure.

Bread fell from nine to ten cents a pound in most cities. It is argued that if this price can be cut from five to six cents, other foods will drop in sympathy.

Gov. Harding was to be asked about the advisability of reducing the volume of currency in circulation which officials says is twice that of pre war days.

ELBERT PLEADS GUILTY

New York, Aug. 5.—The court-martial appointed to try Lieutenant Benoit J. Elbert, U. S. N., accused of accepting \$18,000 in bribes to provide comfortable berths for young men of draft age seeking to escape service overseas during the war, accepted his plea of guilty to six specifications of the fifty-one charges made against him, and those remaining were dropped on telegraphic instructions from Assistant Secretary of the Navy Roosevelt.

This is the open season for stains

Dad acquires grease from the lawn mower and motor car. A splash of strawberry or blackberry sundae mars Daughter's middy. Towser prances with oily feet on Son's shirt or trousers. Fruit juices tint Mother's table linen and best dresses.

Financial Independence Thru Home Building

THE habit of thrift, started in many cases by war savings, may be made permanent through the buying of homes.

With your Liberty Bonds as collateral you can start building at once. Later payments will mean enforced saving for several years, but the goal is a home paid for, further investments in good securities and finally, financial independence.

Of course, you'll want to build well and to suit your own needs. It's our business to help you—show you plans, suggest the most economical materials and recommend a reliable contractor.

There's no obligation in consulting us.

CANADIAN PRAIRIES SOON WILL BE BLOODY

60,000,000 Caribou Wandering Around on Barren Lands—Meat Nutritious and Good.

RESEMBLES THE BUFFALO.

Winnipeg, Man., Aug. 5—The prairies of Canada may soon be dyed with the blood of hundreds of

thousands of slaughtered caribou. Duplication of the great buffalo hunts on the prairies of the United States, years ago are expected in the Canadian caribou country—this time for the primary purpose of jolting the high cost of living.

Canadian officials estimated that there are 60,000,000 caribou in the northern barrens of their country. Caribou meat is wholesome and nutritious and the only difficulty is placing it on the market, they said. With the prevailing high price of beef, pork and veal, they said, it would be economy to fit out hunting expeditions to drive the great herds to points south and kill off the animals for the market. In the winter, huge droves of caribou migrate to the less severe climate of the sheltered woodlands of the South Churchill river country in Alberta. Hunters on sledges can easily reach this country.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease. And best of all this remedy costs almost nothing.

Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using. If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

ALL WRONG

The Mistake is Made by Many
Rushville Citizens

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Rushville resident tells you how.

Frank McFarland, 830 W. Tenth St., says: "My kidneys began to get weak and in a short time I was so bad off I could hardly get about. My back was in terrible shape. It ached so, especially at night that I could hardly sleep. Mornings my back was so stiff that when I bent over, I could hardly straighten again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good results, I thought I would try them, so I got a box at Johnson's Drug Store. They helped me right away and I kept on using them until I was cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McFarland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. —(Adv.)

23D PSALM BRINGS
COMFORT TO H. NEW

Prisoner in Los Angeles Jail Reads
his Favorite Selection From the
Bible Constantly.

MOTHER AND SISTER SEE HIM.

Rabbit Reads Same Psalm Over
Ashes of the Girl Whom He Mur-
dered Three Weeks Ago

Los Angeles, Cal., Aug. 5.—The quiet tread of a man walking the cold pavement of his jail cell was hardly audible above the laughter of trustees playing cards not far away. Yet, steadily the man walked back and forth across the narrow space allotted him and his cell mate. It was five steps one way and five back. "The Lord is my Shepherd; I shall not want", he softly half read and half recited with a little Bible in his hand.

A burst of ribald laughter from another cell interrupted the hearing but not the reading.

"Yea though I walk through the valley of the shadow of death I will fear no evil; for Thou art with me, Thy rod and Thy staff they comfort me", the reading resumed.

It was Harry S. New, who three weeks ago drove to the police station in the gray of the morning with the dead body of Frieda Lesser, his twenty-year-old sweetheart in his automobile and told the police that on the eve of their wedding he had killed the girl he loved.

The shadow of the gallows the trail through the valley of death—have led New back to his childhood. He takes comfort in the lessons he learned in his Sunday school and at his mother's knee, according to Jailor Gallagher.

"He reads the Psalm again and again", Gallagher commented. "He seems to get all his comfort from it and from his mother."

Through the day New sees only his mother, Mrs. Lula Burger, and his devoted half sister, Edna Clancy. Scores of persons, mostly elderly women, ask to see him but all are denied.

So it is that he has much time to read. Through the brighter hours George Barr McCutcheon's and Emerson Hough's novels seems his favorites. He reads the daily papers closely.

But when the setting sun dims the light which squeezes through a single barred window, he turns to his Bible and the Twenty-Third Psalm—the Psalm which the Rabbi read over the ashes of pretty Frieda Lesser—and finds comfort in:

"Though I walk through the valley of the shadow of death, I will fear no evil."

Religious ceremonies at funeral and the erection of crosses over graves were forbidden in Russia by a Lenin decree.

**BIGGEST K.C. MEET
SINCE ORGANIZATION**

Thousands of Knights From Many
Countries are Attending Conven-
tion at Buffalo.

FOUNDED OVER 37 YEARS AGO

(By United Press.)
Buffalo, N. Y., Aug. 5.—The Peace Convention of the Knights of Columbus will be held here starting to-day and lasting three days. It will be the largest in attendance and volume of business to be transacted since the order was founded more than 37 years ago.

Leaders in army, navy and civil life will address the convention at the K. of C. council building. Later sessions will be held at the Statler hotel. Archbishop Hayes of New York has been invited to address the convention. Bishop Shahan, rector of the Catholic University, will deliver the sermon at the high mass which precedes every K. of C. Supreme Council meeting and Bishop Turner of this city will be the celebrant of the mass.

Thousands of Knights from all parts of the United States, Canada, Newfoundland, Porto Rico, Cuba, Mexico and Panama are expected to attend.

Oldest Wisconsin Woman is Leaving
For Residence in California—Was
Never in Indiana

EARL MARLATT'S INTERVIEW

When She Comes Back and Has a
Little Time to Waste, She May
Come Over Here and Live

The Kenosha, Wisconsin, Evening News, in a recent issue prints an unsigned account of an interview which a young Indian had, a few days ago, with one Madame Thiers, who is said to have been born in 1814, and who is not only the oldest woman in Wisconsin, but certainly one of the oldest in the world. It is known here that Earl Marlatt is the author of the account. After describing his meeting with the ancient dame, and a word or two of passing talk, the account proceeds as follows.

Having properly disposed of national issues the gentleman from Indiana returned to personalities.

"They tell me, Mrs. Thiers, that you're going to California—yes?"

The oldest woman in Wisconsin smiled a little wistfully as she answered: "I'd like to. They have such wonderful oranges out there and I'm very fond of fruit."

"Why not try Indiana then," the visitor suggested; "there are lots of peaches there."

"Mabe so", the centenarian admitted laughingly, "but—

"Did you ever hear of James Whitcomb Riley?" the Hoosier interrupted.

The Madame had.

"Or Booth Tarkington?"

"Yes"—she had read his novels and seen his plays.

"Or Major Bundy who said when he was ordered to retire at Chateau Thierry: 'Retire? Americans do not retire.'"

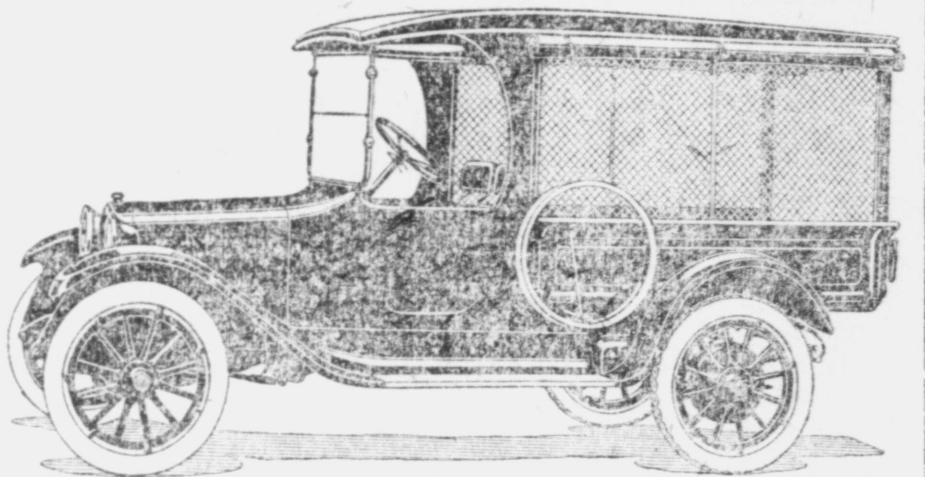

"Well", the Hoosier declared proudly, almost exultantly, "they're all from Indiana."

"I love your loyalty", the little lady in white replied with sincere commendation in her tone. Then as he turned to go she added: "And some day when I get back from California and have a little time to waste I'll run down to Indiana."

The gentleman from Indiana had meant to say something but he didn't. It suddenly occurred to him that the last word had been said. Instead he only smiled and took off his hat to Madame Thiers, of Milwaukee. Soldier or no soldier he had been defeated in open repartee by the oldest woman in Wisconsin.

BLOCKADE IS LIFTED.

Paris, Aug. 5.—The council of five lifted the blockade against Hungary today. The Danube is completely open to foreign trade now.

SUGGESTIONS
ARE PREPARED
FOR PRESIDENT

Involve Some Legislation and Suggestions Made at Last Meeting of Cabinet. Palmer Says.

WHAT THE LATTER INCLUDES

Assumed They Had to do With Prosecution of Food Profiteers Because of Ames' Presence

SENATE RECOGNIZES CLAMOR

Agriculture Committee to Begin Consideration of Bills to Regulate Packers Aug. 18.

(By United Press.)

Washington, Aug. 5.—"Certain definite suggestions" for reducing living costs have been prepared for submission to President Wilson late today, it was announced by Attorney General Palmer this afternoon.

Palmer's announcement came at the conclusion of a three and a half hour conference of eleven cabinet members and government officials at his office. These officials heard the recommendation of the subcommittee which had been investigating food prices.

"The suggestion involved some legislation," Palmer said. "They include all those made at the last meeting when economic discussions began and some other suggestions made today."

Suggestions made at the last meeting include, it has been understood, reduction in the price of wheat, reduction of price of currency, licensing dealers in necessities and revival of part of the food administration machinery.

It was assumed that they had to do with prosecution of food profiteers because of the presence at the meeting of Charles Ames, special assistant to Palmer, in charge of anti-trust legislation and administration of the food and fuel act.

Increasing pressure for reduction in the cost of living today brought definite action in congress. The senate agriculture committee voted to begin consideration Aug. 18 of the Kenyon and Kendrick bills to regulate the packers.

"This was considered by many the most important action yet taken by congress with regard to bringing down prices."

President Wilson and members of his cabinet met today in an effort to devise means to cut living costs.

Both the president and his advisers, it was learned, consider speedy action imperative in view of the nationwide clamor for relief and are desiring to force an early improvement in the situation.

Possible plans of action were put into shape for presentation to the president and his cabinet at an early conference under leadership of Attorney General Palmer.

K. OF G. PICNIC TOMORROW

Local Knights Are Going From Here in Machines.

The Knights of Columbus from Greensburg, Batesville, Shelbyville and this city will hold a picnic tomorrow afternoon at Lake McCoy, near Greensburg, and all the Knights and their families are invited to attend. Many local Knights are planning on going in machines, with their families, and an enjoyable afternoon is promised for all who attend. A big basket dinner will be held at six in the evening. Any of the local Knights who wish to go, may find accommodations by calling on Jack Knecht.

TWO NEGROES ARRESTED

Others Are Sought at Trenton, N. J., Following Quarrel With Whites.

(By United Press.)

Trenton, N. J., Aug. 5.—Two negroes are under arrest and two others are being sought as the result of trouble between whites and blacks in North Trenton early today. It was thought the negroes pushed several white men from the sidewalk and began shooting when their actions were resented.

Police were rushed to the scene and more than a dozen shots were exchanged.

DANGER OF A COAL
FAMINE LOOMS AHEAD

Senator Pomerene Says Shortage is Probable if Mines do Not Get Cars

DANGER IN THE SITUATION

(By United Press.)

Washington, Aug. 5.—Danger of a coal famine added itself today to the complications congress faces in the railroad and high cost of living problems.

While the senate agriculture committee met to take up the food problem in a general way and the interstate commerce committee, met to consider the railroad wage problem, senators were considering some way to get the coal difficulty solved before the approach of winter makes it acute.

"Coal men in Ohio and West Virginia have informed me," said Senator Pomerene, "that they can not get cars."

"If this situation does not change, mines will be out of work and next winter's mills will shut down, business will stagnate and terrible suffering will result."

Apropos of the above dispatch, local people who were motoring in Madison county Sunday, report that they saw a string of empty coal cars, at least a mile long, on a siding in the vicinity of Pendleton—and there aren't any coal mines in many miles of Pendleton.

CRUEL AND INHUMAN
TREATMENT ALLEGED

Gladys M. Woods of Washington Township Asks Divorce From Charles Woods

WANTS MAIDEN NAME BACK

Alleging cruel and inhuman treatment, Gladys M. Woods, by her next friend, Martha F. Black, today filed suit for divorce against Charles Woods, and asks that her maiden name of Gladys Black be restored.

Mrs. Woods, who is under 21 years of age, says that they were married June 5, 1918 and separated July 11, 1919, and that for the last six months they have been residing in Washington township, prior to which they lived in Kokomo. She alleges cruel treatment in that he cursed and called her vile names, and often threatened to strike her. She also alleges that he failed in his support, that he refused to buy her clothing and the necessities of life, or furnish a home to live in. She states that he spent his money for gambling, and frequented pool rooms.

Mrs. Woods asks the court to divorce them and restore her maiden name of Gladys Black and asks that she be given a reasonable amount of money for allowance during the pendency of the case and that he be compelled to pay the court cases.

VACATION COURT
IS "DARK" TODAY

No Trial Today and Prospects are Two Cases Set for Tomorrow Will Not be Tried.

FARLOW CASE COMPROMISED.

Written Agreement Filed Under Which Defendant, J. D. Farlow, Will Give Possession Sept. 1.

There was no business today in the week's vacation term of circuit court which opened yesterday, but other cases will likely be tried before the week is over. Judge Will M. Sparks was in Noblesville on business related to the will case, in which he will sit as special judge.

The cases of the state against James Taylor, charged with removing mortgaged property, and the state against Ross and Carl Parrish of Carthage, are both set down for tomorrow, but it is not likely that either will be tried because the jury has not been called. The Parrish brothers are accused of keeping gaming devices and it is said that Taylor is not in the county.

Walter Smith was awarded two judgments by Judge Sparks yesterday against Chase G. Cross and his wife, Jennie Cross, both of whom defaulted. One was for \$446.29, without relief, on a chattel mortgage, and the other which was against both Cross and wife, was for \$1,227.26 without relief. The latter was on notes and to foreclose a mortgage. The defendants are to pay the costs in both cases.

An echo of the Charles C. Jeffrey-Smith episode in Milroy was heard when two suits filed against him were dismissed yesterday, the former soldier settling both of them, which resulted in the plaintiffs filing motions to dismiss. One was filed by Ray Keys of this city for \$75 on an account and the other by Frank McCorkle of Milroy, for attachment and damages in the sum of \$100.

The Continental Finance and Securities company dismissed its suit for replevin and damages in the sum of \$200, against Wilbur E. Peek.

The case of Washington Farlow against his son, John D. Farlow, to cancel a lease, which was to come to trial yesterday afternoon, was compromised and dismissed when a written agreement was filed with Special Judge F. M. Thompson of Versailles.

Under the terms of the agreement, the defendant is to give possession of the farm September 1 and to pay all the costs of the case, providing the depositions taken by the plaintiff do not amount to more than \$50. The case was to come to trial in June, but was postponed at that time after an agreement was reached whereby the defendant was to turn over one-half the proceeds of the wheat crop to Perry Innis, acting as trustee for the plaintiff. This agreement was carried out.

Holding Hungarians as Hostages, According to Paris Report

(By United Press.)

Paris, Aug. 5.—According to reports received here today, the Roumanians have entered Budapest and are holding several Hungarians as hostages.

The Roumanian forces have established a military dictatorship and threaten to shoot five Hungarians as reprisal for every attempt made against a Roumanian.

San Francisco, Aug. 5.—Whole sales announced today a reduction of 40 cents a barrel in the price of flour. This followed a similar reduction a week ago.

BIG FARMS BRING
OVER \$200 AN ACRE

Those Known as Dr. Smith, John L. Moor and Ira Ayres Places all Are Sold, Lately.

JOE AMOS ALSO SELLS OUT

Rumor That Pete Hollowell Farm Had Been Sold for \$325 an Acre Can Not be Confirmed.

Indications point to some very interesting farm sales which will take place in the next thirty days, and will set a new high level for Rush county land. Many Rush county farms have been sold recently for big money, and added to the ones which have already been sold, are a few more, which have brought good money.

John Gartin has sold his 114-acre farm, known as the old Dr. Smith place, to Edmund Gartin for \$225 an acre. John Gartin then purchased the Joe Amos farm, east of the city, for \$250 an acre, a farm consisting of 137 acres.

Dusty Miller has purchased from H. D. Templeton of St Paul, the Ira Ayres farm, just east of Rushville, for \$30,000, a local real estate dealer stated today. It consists of 163 acres. After buying this farm, Mr. Miller sold one-half interest in it to Albert L. Winslip.

Mrs. A. L. Chew of this city and James F. Moor of Port Wayne yesterday sold what is known as the John L. Moor farm in Richland township for \$240 an acre to George W. Duah of Fayette county. The farm consists of 156 acres and brought \$37,440. Mrs. Chew, who was the widow of the late John L. Moor, and Mr. Moor, who was his son, announced that they would buy another farm. They will give possession March 1, 1920.

There was a well defined rumor today that George W. Lawson of Anderson township had sold the Pete Hollowell farm in Washington township for \$325 an acre. The report could not be confirmed, but if it be true, this is a new high record for Rush county farm land. The Hollowell farm, which was sold several days ago for \$300 an acre, was the largest one ever sold in Rush county for that sum. Only two other sales at \$300 an acre are on record, and they were both smaller farms.

Mr. Lawson has no telephone and could not be reached today to verify the story that he had sold for \$325 an acre after owning the farm only a short time. He was not to get possession of the farm until March 1, 1920. There was some inclination to disbelieve the story because both Mr. Lawson's son and brother were called by telephone, and neither knew anything about it. At the home of his son, it was stated that Mr. Lawson was seen Sunday and did not then say anything about having disposed of his recently acquired farm.

The annual outing will be given not only for the poor children, but for the entire Sunday school of the Salvation Army church.

The various committees which have been appointed to look after the affairs of the day, are as follows: transportation, Envoy Gipson, and 2nd. Major Hunter; sports, Capt. Tench and Rash Bennett; lunch, Mrs. Tench, Mrs. Gipson, Mrs. Hunter, Mrs. Newman and Miss Alice Montpeit.

The children will be given cards which will entitle each one to four drinks of lemonade, 2 dishes of ice cream, candy, free dinner and an automobile ride.

LIVERPOOL RIOTS
BELIEVED QUELLED

One Person Killed and Others Will Die From Bayonet and Gunshot Wounds During Rioting

400 PEOPLE UNDER ARREST

(By United Press.)

Liverpool, Aug. 5.—With a military cordon surrounding the city, Liverpool was quiet last night and hope was expressed today that the trouble growing out of the police strike had ended.

One person was killed last night and others may die as the result of bayonet and gunshot wounds received in rioting. At least 100 persons were severely hurt during the riots.

Four hundred persons were arrested. Many stores were wrecked or looted. The damage to property is estimated at a million and a half dollars.

Two thousand troops, a dozen tanks, machine guns and cavalry were here to maintain order.

FOUR LOCAL BOYS ARE HOME

Three Discharged From Navy and One From Medical Corps

Four more Rush county boys who served in the war have arrived home being only recently discharged. Eugene Helm was discharged from the navy and Richard Risk, also of this city, was discharged yesterday after serving in the navy. William Coon of near New Salem is home having just been released from the navy. Courtland Spivey of this city is home, being mustered out of service. He was in a medical corps overseas.

DEMANDS CAPITAL
GIVE UP RAILROADS

Organized Labor Insists on Control by Public, Operating Management and Employees

TO CHANGE PROFIT SYSTEM

Would Reimburse Owners With Government Bonds for Every "Honest Dollar They Earned"

(By United Press.)

Washington, Aug. 5.—Nationalization of American railroads with possible to spread to many other industries, came to the front in Washington today in discussion in the labor and high cost of living conditions which confront the government.

When representatives of the four great railroad brotherhoods appear tomorrow before the joint congressional committee which will hear their suggestions for settlement of the railroad property, they are expected to demand flat retirement of capital from the railroads; for purchase of the roads from their present owners; for payment to be made in government bonds and for future control of the lines by corporations in which the public, the employees and the operating management shall have equal rights.

Washington, Aug. 5.—Organized labor was before the nation today with a demand that private capital be retired from railroad operation, and that here be substituted a tripartite control of the railroad properties by the public, the operating management and the employees.

The demand of organized labor, presented in a signed statement by the engineers, firemen, conductors and the American Federation of Labor, was recognized in Washington as the most far-reaching proposal yet placed before the nation during its reconstruction period. Officials refused to predict its outcome. Tomorrow it will be formally laid before the house interstate commerce committee by Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers; Frank Morrison, secretary of the American Federation of Labor, and Glenn E. Plumb, general counsel for the Organized Railway Employees of America.

The proposal in the words of its authors, "marks the step by which organized labor passes from the demands for wage increases to demands that the system of profits in industry be overhauled."

In eliminating private capital from the railroads, the labor plan not only proposes, but demands, that the present private owners be reimbursed with government bonds for "every honest dollar they have invested;" that the public, the operating managements, and labor share equally in corporations to take over the railroads, and that in all revenue in excess of the guaranty to private capital the operators and employees share one half and the public receive the other half "either by increasing the means for service without increasing fixed charges, or by reducing the cost of the service which the machinery then in service can render."

The trainmen are not represented in the statement because W. G. Lee, president of the brotherhood, was out of the city, but it was said that they join in it.

FOOD COST PROBE STARTS

Cleveland, Od., Aug. 5.—A comprehensive investigation into the high cost of living began today when fifty men engaged in business were summoned to testify before a special grand jury. The prosecutor will also present evidence gathered from food producers, middlemen, merchants and consumers.

PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 35c package of the new golden chemical P.D.Q. (Pest Destroyer Quick) is enough to exterminate and keep out a million bedbugs, so master how large they may be or where they come from, then are color or sex, and at the same time a coating on their case and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35c package makes a quart of P.D.Q., and will

go farther than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe.

KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dog.

KILLS CHICKEN LICE. No use for your chickens to have lice. A 35c package mixed makes a gallon of chicken lice killer.

Your druggist has it, or can get it for you.

CONFERENCES TO SETTLE STRIKE

Chicago Conversations Expected to go Long Way Towards Ending Walkout of Shopmen

INQUIRY MAY BE DEMANDED

(By United Press.)
Chicago, Aug. 5.—Conferences here today were expected to go far towards clearing up the strikes of railway shopmen which is being felt in many parts of the country.

Union leaders declare nearly 250,000 men are already affected, nearly 30,000 in the Chicago district alone.

The first attempt was to be in the form of conversations between union heads and railroad administration zone executives. A second was to be through the United States Department of justice. Railroad executives were said to be ready to ask an investigation of the present strike because it was unauthorized.

COMMISSION SEEKS CARS TO MOVE GRAIN

State Body Wires Railroad Administration That They Are Needed to Move Grain

THE CONDITION EXISTS HERE

Indianapolis, Ind., Aug. 5.—The public service commission today forwarded the following telegram to Max Theren, director of the division of public service of the United States railway administration:

"Farming sections throughout the state are complaining to this commission that thrashing has ceased, and elevators are full of grain because there are no cars to move the same. Conditions alarming. Please apply every resource at your command to relieve the situation. Advise the commission of the prospects."

"J. W. McCordle, a member of the committee."

Members of the commission said that the railway administration seems to be forgetting this part of the country.

It will be recalled that Rush county was among the first in the state to feel the car shortage. Several elevators had to close down last week because they had reached their storage capacity and were without cars to ship wheat.

INTENSE HEAT IS BROKEN

Storm Consisting Mostly of Wind Brings Relief This Afternoon

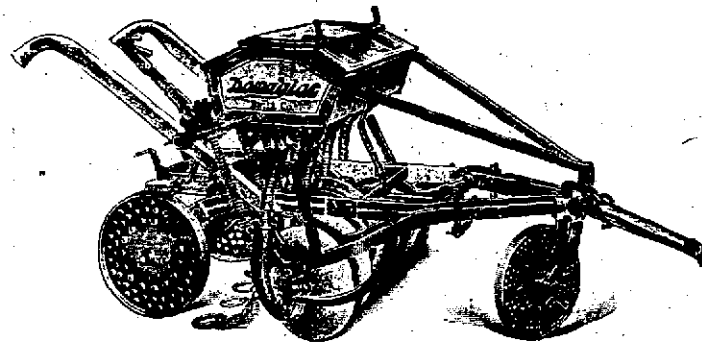

Last night and today was thought by many people to be the hottest of the entire season, and those who were not prepared to sleep in the open last night, suffered from the intense heat. The sun came out very hot early this morning and by noon the temperature had gone up to about 97 degrees.

The intense heat was broken this afternoon about two o'clock with a thunder storm, which consisted mostly of wind in this locality, but what rain did fall was appreciated as it helped the grass and corn. The storm circled around toward the north, and a heavy rainfall and storm was in progress around Newcastle.

Dowagiac Steerable One-Horse Disc

The front wheel is a caster wheel permitting a short turn without lifting the drill and making steering between crooked rows easy.

The seeds are chain-driven from the axle of the two rear wheels which have ratchet hubs making both wheels drivers.

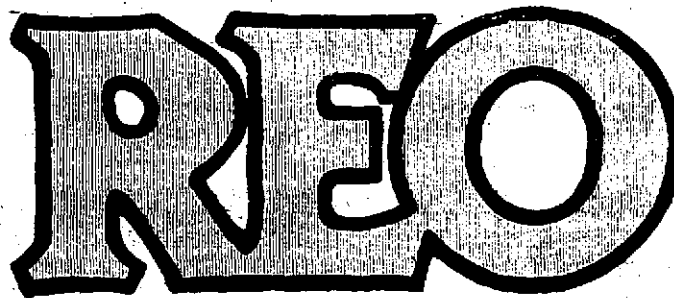

The Dowagiac five disc is self-guiding. It trails so perfectly that when the horse is driven midway between the corn rows the driver need not touch the handles and at the ends of rows the drill follows the horse in making the short turn. Each disc has independent up and down motion with spring pressure—the only way for uniform depth on uneven ground. With the convenient lever all discs are lifted when turning or transporting the drill toward and from the field.

How Acme Worm Bouncer Expels Worms

When the hogs and pigs eat anything the Free Intestinal worms do not like, they lay dormant. The hog which is fed Acme Worm Bouncer in the SELF FEEDER eats a little—several times a day. The WORM BOUNCER goes into the stomach and intestine. STRAIGHT. The time comes when the worm must eat, and when he does, the Acme Worm Bouncer PARALYZES the worm—he then must let go—and in that manner the Acme Worm Bouncer expels the worms and EXPELS THEM ALIVE from 5 to 7 days after you commenced to feed Acme Worm Bouncer.

Acme Worm Bouncer is fed with perfect safety to all pregnant animals, whereas any remedy that kills the worm in the INTES-TINES AND STOMACH is very injurious to the animal and very dangerous to use.

STRIKES DON'T BOTHER BERLIN

Last Few Months They Have Been Numerous But People Didn't Lose Their Temper

CAR STRIKES ESPECIALLY

Residents Either Walked or Else Rode on Wagons Which Were Fixed With Seats

(By United Press.)

Berlin, (By Mail).—When it comes to taking strikes philosophically and good naturedly—Germany wins easily. She has been undergoing months of strikes of various kinds, and merely taking them as "all in a lifetime." Particularly difficult for Berlin has been the trolley, elevated and subway strike. But Berlin didn't lose its temper over it. It merely walked to work or caught a ride on improvised carryalls and didn't curse the luck except mildly. As for violence, there was none except in a few isolated cases where striking carmen were personally abused.

Another strange part of the situation was the fact that though the government could undoubtedly have resorted to the American expedient of strike-breaking in order to operate some cars, this was not even attempted.

Berlin had to get to its work and play as best it could, or else stay home.

The result was that thousands of early risers did many miles more walking for several days than they had ever previously undertaken for a lengthy period. Huge drays were fitted up with seats or benches and rich and poor crowded in, good naturedly, while the drayman reaped a harvest beyond his fondest hopes. Chairs or ladders were carried on all these "busses" so that women passengers could go abroad or alight with ease.

The only thing that seemed to worry Germany at all in the recent strikes was the fact that the railroad troubles threatened for a time to be sufficiently serious as to hamper badly the transportation of food and coal. This would have been decidedly serious, for Berlin and, in fact, other German cities are literally living from hand to mouth, both as regards coal and food. A few days complete tieup of the railways would mean starvation.

The Impending Storm

Profiteering may yet be the undoing of this country. No nation ever is greater than the government it maintains, and if the government does not conserve the interests of the people the people in time lose confidence in that form of government.

The greatest crime in the history of our country is that of profiteering, wholesale and deliberate robbery of a helpless public.

Prices have been artificially forced to such a high altitude that it is becoming more and more difficult for a poor person even to sustain life.

The law of supply and demand no longer prevails. It has been substituted by one of gouge and grab.

Our government should take warning while there is yet time. Protection of profiteering should cease at once, and prosecution should be swift and relentless.

We can not afford to have our great country wrecked upon the rock of greed and avarice. And yet today, because of the supine inactivity of our public officials, we are heading straight toward destruction.

Public endurance is at the breaking point. The government should heed the impending storm, before it is too late to prepare to meet it.

At last the president and congress are about to give earnest attention to the urgent need of reducing the high cost of living. It is said that there will be a most careful consideration of all plans to this end which give promise of success, and it is intimated that the president is prepared, if necessary, to resort to heroic measures. It is even suggested that the Federal Government may resume food control with Herbert Hoover again in charge.

Of course there is some talk of enforcement of the old Sherman law but almost everyone now realizes that any hope of relief from such action is groundless since that so-called "anti-trust" statute has long since been demonstrated to be a dead letter. Some are hopeful that the popular sale of surplus army food supplies will help the situation, but it is evident that any results from this source will be but temporary.

Glad Sister Escaped Operation

"Physicians had given my sister up to die; they wanted to operate for gall stones, but she was too weak and could only talk in whispers. I got her a bottle of Mayr's Wonderful Remedy and in 3 weeks she was able to get about and walked a mile to church." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Everywhere. (Adv.)

Pride yields to an empty stomach when all else fails.

The names we call other people very often fit us better than them.

Arguments that have to be backed by brickbats are never backed by reason.

No human agency founded upon error can ever stop a human agency founded upon right.

Hez Heck says: "Leg shows on the stage are getting to be as bad as they are on the street."

People in cities think they know all about farming if they can keep a rubber plant growing.

Wages are getting so high that a boss' only salvation lies in putting himself on the payroll at the union scale.

any and unimportant. It is also feared that but little, if any, real and lasting benefits can be expected from the re-instatement of Mr. Hoover as food dictator. His regime of unpalatable war bread, microscopic sugar rations, and meatless and wheatless days may have served a necessary purpose during the war period, but to most of our people the experience was by no means pleasant and there is no desire for a continuation of the Hoover food experiments.

The real trouble lies in the fact that there has been, and still is, an enormous amount of profiteering by producers, manufacturers, middlemen, retailers and others throughout the whole country, at the expense of consumers; and it is this fact that is almost entirely responsible for the present high and rapidly increasing prices. It is well enough to talk of prosecuting profiteers, but that is a slow process at best; and even if such criminals were promptly convicted and fined, the amount of the fines would in all probability eventually be paid by the consumer through the fixing of still higher prices, so that the chance of relief from any such method is hopeless.

The only course that seems to promise any real relief is that of government price-fixing or profit-limitation. Such plan could be quickly put into effect through the creation by law of a board or commission for the purpose of fixing prices or profits. Extortionate profit-taking is as really criminal as is extortionate interest-taking. It is only another form of usury, and it must be legally designated as a crime and treated as such if it is to be suppressed.

It is easier and cheaper to learn how to pick out loafing from laying hens than it is to pay their board out of your own pocket with the present high prices of feed. Culling demonstrations throughout the state bring the advantages of the agricultural college to your door. Attend one of the demonstrations and learn how to pick out the slacker hen.

Love of country can only be fostered where government is founded upon justice and humanity. Profiteering and greed engenders only suspicion and disgust in the mind of a suffering people.

It is better to be an old man's darling than a young man's slave—provided the old man is a man and not a silly ass.

Got the dumps, brother? Cheer up—it will be worse. When the cost of grub goes higher your spirits will be lower.

Why bother with swatting the fly when the world is full of wasps and profiteers?

Ezekial Jabson and friend wife went to market in the long wagon; and mother was on a rear seat, hidden behind vegetable baskets. Just as they were half way over Fordham Creek, and lurching and bumping their way across the shallows, Ezra Kinzel, returning to his farm on horseback, accosted Ezekial. Presently he said: "How's your wife?" "Oh, she's all right. She's back there," indicating the rear seat, hidden by baskets. "No she ain't," said Ezra, craning his neck. "Ain't she?" said Ezekial calmly. "That's peculiar—oh, I guess maybe that was the splash I heard a minute ago." (Submitted by Miss Fae Ammons, 2117 South Street, Houston, Texas.)

CREDIT GUIDE WILL APPEAR HERE SOON

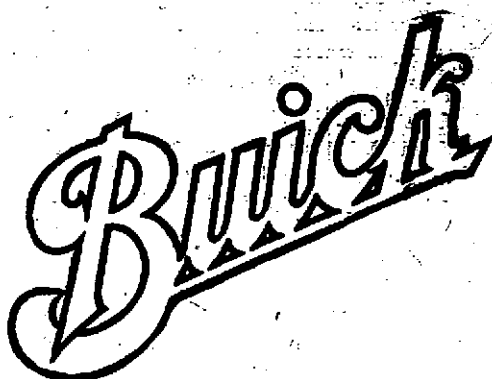

Merchants Endorse Rating System of the Mercantile Agency of Pittsburgh

PUBLISH EXPERIENCE GUIDE

The merchants of Rushville are endorsing the rating system of the Mercantile Agency of Pittsburgh, publishers of the Credit Experience Guide, which is an expression of business men based solely upon the actual experience, showing the record made by their customers for paying their accounts and establishing their reputation for credit among the subscribers to the Credit Experience Guide. Each subscriber furnishes a complete list of his customers from his books, rating them according to a scale of ratings, indicating the different grades of kind of pay based upon his credit experience with them. It is more reliable than any reference the party may give as to his credit and paying qualities because he will only refer to those who speak well of him and he will keep in the back ground those whom he has not paid. This system brings to light all his good and bad paying qualities alike, and wherever it has been established, it has created a different and better feeling between the merchant and customer. It has brought about a fuller understanding of their relationship to each other and it has increased confidence, as well as dispelled doubts and uncertainty in their community because it classifies the prompt paying, desirable customers, the negligent and slow pay and those who do not pay at all. It works no one injustice to either class, but is a direct benefit to all those who pay their bills regardless of their financial standing, it is declared. A poor man is benefited because it places him in a position where he is not subject to adverse reflection when he asks for credit. Many of his class are refused credit because of their neighbors who do not pay. A prompt paying customer is certainly not ashamed of having his credit standing known. The negligent and slow paying become more prompt and those who can't and won't pay are shown in their true light.

1920 Model K-45

Buick Five-Passenger Touring Car

THE BUICK Model K-Six-45 is a very capable open car for five persons, designed to cover the multitude of uses to which such a car is put. It differs from the big seven-passenger model only in tonneau and chassis length, possessing the same degree of ruggedness, easy-flowing power and mechanical excellence.

The tonneau is even more liberally proportioned. The seat is full three-passenger capacity, set at a comfortable angle. The sides are upholstered clear to the doors with the same French pleated leather used on the cushions and seat backs. Each of the four doors is equipped with a side pocket for storing small parcels. The instrument board is illuminated by a dash lamp. Top and side curtains are made of high grade fabric, the curtains swinging open with the doors. Behind the front seat is a very convenient pocket for storing the side curtains when not in use.

Quit Laxatives, Purgers; Try NR

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purgers, and cathartics that force bowel action. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so. NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, cleanses the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

BELCHING

Caused by

Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach troubles. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."

Millions are victims of Acid-Stomach without knowing it. They are weak and ailing, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cures of the liver, intestinal congestion, gastritis, catarrh of the stomach—these are only a few of the many ailments often caused by Acid-Stomach. A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had catarrh of the stomach for 11 long years and I never found anything to do me any good—just temporary relief—until I used EATONIC. It is a wonderful remedy and I do not want to be without it."

If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate trouble—try EATONIC and see how much better you will feel in every way.

At all drug stores—a big box for 50c and your money back if you are not satisfied.

FUNERAL FOR MRS. LEWIS HELD TODAY

Highly Esteemed Manila Woman
Commits Suicide by Jumping
in Well at Her Home

BODY IS FOUND BY HER SON

Constant Worry Over Health is Believed to Have Been Cause
For Taking Life

Funeral services were held this morning at ten o'clock for Mrs. Jennie Lewis, who committed suicide at her home in Manila, Sunday afternoon, and burial was made in the cemetery in Manila. Mrs. Lewis was found dead by her son Lew Lewis, about 5:30 Sunday afternoon, having drowned herself in a cistern, at their rear of their home in Manila. There was only 30 inches of water in the cistern.

Mrs. Lewis was 68 years of age, and the motive of the suicide is supposed to be due to ill health, which had caused her great worry for sometime. When the body was found, indications were that life had been extinct for a long time.

Mr. Lewis left the home early in the afternoon to attend to some business in Manila; his mother was alone after he left her and it is believed that she immediately prepared for death. She had attended Sunday school yesterday morning, as was her custom, and gave no indications that she meant to take her life, although her acquaintances state that for the last few days she has been more despondent than usual over her failing health. When Mr. Lewis returned to his home Sunday evening, he found the doors to the home securely locked and it was then that he found the lid off the cistern and discovered the body of his mother below.

The manner of Mrs. Lewis' death is a terrible shock to her family and also to the entire Manila community, where she was held in such great esteem. It is known that her illness must have caused her more suffering than was understood, to suggest the attempt on her life. She was one of the leaders in community life in Manila and at all times was an authority on subjects of interest for the betterment and uplift of the character of the habitation of that vicinity.

She was a daughter of the late Mr. and Mrs. John W. Riley and was born in Poplar Plains, Ky. Aug. 8, 1850. Mr. Riley for many years was a business man of Manila. Practically all her life had been lived in Manila and she was one of its staunch citizens. Her husband passed away about twenty-three years ago. Besides the son, Lewis, who lived with his mother, and who was Walker township trustee, there is another son, Leonidas, of Indianapolis, formerly a newspaper man of Shelbyville, Rushville and Indianapolis, and there is one daughter, Miss Laura, of Indianapolis, and one sister, Mrs. Josephine Holbrook of Shelby county.

MRS. ELIZA A. SPEER DIES THIS AFTERNOON

One of City's Oldest Residents Expires at Age of 88 at Home in North Willow Street

MOTHER OF MRS. T. H. REED

Mrs. Eliza A. Speer, one of the oldest residents of this city, died this afternoon about two-thirty, at her home, 725 North Willow street, death being caused from senility. Mrs. Speer was 88 years of age, and had been gradually growing more feeble day by day.

Mrs. Speer is the last of a large family of children. She was the mother of the late Mrs. Theodore H. Reed. She was born September 26, 1831, and lived in Cincinnati for a number of years, coming to Rushville 15 years ago, so that she could be closer to her daughter, Mrs. Reed.

The deceased made her home with an unmarried daughter, Anna Belle of this city, and is survived by this daughter and Mrs. Nettie Bonner of Due West, S. C., and two sons George of St. Louis and Thomas A. of Kansas City. Funeral arrangements will be announced tomorrow.

SUGGESTIONS ARE PREPARED FOR WILSON

Continued from Page One
torney General Palmer. This conference had before it the report of a subcommittee which was named to sift through plans offered and discarded those on which there is least agreement.

Julian Barnes of New York, wheat director and Gov. Harding of the federal reserve board, were invited to today's conference.

Barnes, it was learned, was to be queried on the feasibility of having the government purchase the present grain crop at guaranteed prices and resell on the market at a lower figure.

Bread fell from nine to ten cents a pound in most cities. It is argued that if this price can be cut from five to six cents, other foods will drop in sympathy.

Gov. Harding was to be asked about the advisability of reducing the volume of currency in circulation which officials says is twice that of pre war days.

ELBERT PLEADS GUILTY

New York, Aug. 5.—The court-martial appointed to try Lieutenant Benoit J. Elbert, U. S. N., accused of accepting \$18,000 in bribes to provide comfortable berths for young men of draft age seeking to escape service overseas during the war, accepted his plea of guilty to six specifications of the fifty-one charges made against him, and those remaining were dropped on telegraphic instructions from Assistant Secretary of the Navy Roosevelt.

Financial Independence Thru Home Building

THE habit of thrift, started in many cases by war savings, may be made permanent through the buying of homes.

With your Liberty Bonds as collateral you can start building at once. Later payments will mean enforced saving for several years, but the goal is a home paid for, further investments in good securities and finally, financial independence.

Of course, you'll want to build well and to suit your own needs. It's our business to help you—show you plans, suggest the most economical materials and recommend a reliable contractor.

There's no obligation in consulting us.

CANADIAN PRAIRIES SOON WILL BE BLOODY

60,000,000 Caribou Wandering Around on Barren Lands—Meat Nutritious and Good.

RESEMBLES THE BUFFALO.

Winnipeg, Man., Aug. 5—The prairies of Canada may soon be dyed with the blood of hundreds of

thousands of slaughtered caribou. Duplication of the great buffalo hunts on the prairies of the United States, years ago are expected in the Canadian caribou country—this time for the primary purpose of jolting the high cost of living.

Canadian officials estimated that there are 60,000,000 caribou in the northern barrens of their country. Caribou meat is wholesome and nutritious and the only difficulty is trapping it on the market, they said.

With the prevailing high price of beef, pork and veal, they said, it would be economy to fit out hunting expeditions to drive the great herds to points south and kill off the animals for the market. In the winter, huge droves of caribou migrate to the less severe climate of the sheltered woodlands of the South Churchill river country in Alberta. Hunters on sledges can easily reach this country.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, has most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all, this remedy costs al-

most nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but attention! Simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

ALL WRONG

The Mistake is Made by Many
Rushville Citizens

Look for the cause of backache.
To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Rushville resident tells you how.

Frank McFarland, 830 W. Tenth St., says: "My kidneys began to get weak and in a short time I was so bad off I could hardly get about. My back was in terrible shape. It ached so, especially at night that I could hardly sleep. Mornings my back was so stiff that when I bent over, I could hardly straighten again. The kidney secretions were too frequent in passage and highly colored. Another of the family had used Doan's Kidney Pills with such good results, I thought I would try them, so I got a box at Johnson's Drug Store. They helped me right away and I kept on using them until I was cured."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McFarland had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. —(Adv.)

23D PSALM BRINGS COMFORT TO H. NEW

Prisoner in Los Angeles Jail Reads his Favorite Selection From the Bible Constantly.

MOTHER AND SISTER SEE HIM.

Rabbit Reads Same Psalm Over Ashes of the Girl Whom He Murdered Three Weeks Ago

Los Angeles, Cal., Aug. 5.—The quiet tread of a man walking the cold pavement of his jail cell was hardly audible above the laughter of transients playing cards not far away. Yet, steadily the man walked back and forth across the narrow space allotted him and his cell mate. It was five steps one way and five back. "The Lord is my Shepard; I shall not want", he softly half read and half recited with a little Bible in his hand.

A burst of ribald laughter from another cell interrupted the hearing but not the reading.

"Yea though I walk through the valley of the shadow of death I will fear no evil: for Thou art with me, Thy rod and Thy staff they comfort me", the reading resumed.

It was Harry S. New, who three weeks ago drove to the police station in the gray of the morning with the dead body of Frieda Lesser, his twenty-year-old sweetheart in his automobile and told the police that on the eve of their wedding he had killed the girl he loved.

The shadow of the gallows—the trail through the valley of death—have led New back to his childhood. He takes comfort in the lessons he learned in his Sunday school and at his mother's knee, according to Jailor Gallagher.

"He reads the Psalm again and again", Gallagher commented. "He seems to get all his comfort from it and from his mother."

Through the day New sees only his mother, Mrs. Lulu Burger, and his devoted half sister, Edna Clancy. Scores of persons, mostly elderly women, ask to see him but all are denied.

So it is that he has much time to read. Through the brighter hours George Barr McCutcheon's and Emerson Hough's novels seems his favorites. He reads the daily papers closely.

But when the setting sun dims the light which squeezes through a single barred window, he turns to his Bible and the Twenty-Third Psalm—the Psalm which the Rabbi read over the ashes of pretty Frieda Lesser—and finds comfort in:

"Though I walk through the valley of the shadow of death, I will fear no evil."

Religious ceremonies at funeral and the erection of crosses over graves were forbidden in Russia by a Lenin decree.

BIGGEST K. C. MEET SINCE ORGANIZATION

Thousands of Knights From Many Countries are Attending Convention at Buffalo.

FOUNDED OVER 37 YEARS AGO

(By United Press.)

Buffalo, N. Y., Aug. 5.—The Peace Convention of the Knights of Columbus will be held here starting today and lasting three days. It will be the largest in attendance and volume of business to be transacted since the order was founded more than 37 years ago.

Leaders in army, navy and civil life will address the convention at the K. of C. council building. Later sessions will be held at the Statler hotel. Archbishop Hayes of New York has been invited to address the convention. Bishop Shahan, rector of the Catholic University, will deliver the sermon at the high mass which precedes every K. of C. Supreme Council meeting and Bishop Turner of this city will be the celebrant of the mass.

Thousands of Knights from all parts of the United States, Canada, Newfoundland, Porto Rico, Cuba, Mexico and Panama are expected to attend.

105 YEARS OLD BUT MAY YET LIVE HERE

Oldest Wisconsin Woman is Leaving For Residence in California—Was Never in Indiana

EARL MARLATT'S INTERVIEW

When She Comes Back and Has a Little Time to Waste, She May Come Over Here and Live

The Kenosha, Wisconsin, Evening News, in a recent issue prints an unsigned account of an interview which a young Indian had, a few days ago, with one Madame Thiers, who is said to have been born in 1814, and who is not only the oldest woman in Wisconsin, but certainly one of the oldest in the world. It is known here that Earl Marlatt is the author of the account. After describing his meeting with the ancient dame, and a word or two of passing talk, the account proceeds as follows.

Having properly disposed of national issues the gentleman from Indiana returned to personalities.

"They tell me, Mrs. Thiers, that you're going to California—yes?"

The oldest woman in Wisconsin smiled a little wistfully as she answered: "I'd like to. They have such wonderful oranges out there and I'm very fond of fruit."

"Why not try Indiana then," the visitor suggested: "there are lots of 'naches' there."

"Mabe so," the centenarian admitted laughingly, "but—

"Did you ever hear of James Whitcomb Riley?" the Hoosier interrupted.

The Madame had.

"Or Booth Tarkington?"

"Yes"—she had read his novels, and seen his plays.

"Or Major Bundy who said when he was ordered to retire at Chateau Thierry: 'Retire! Americans do not retire.'"

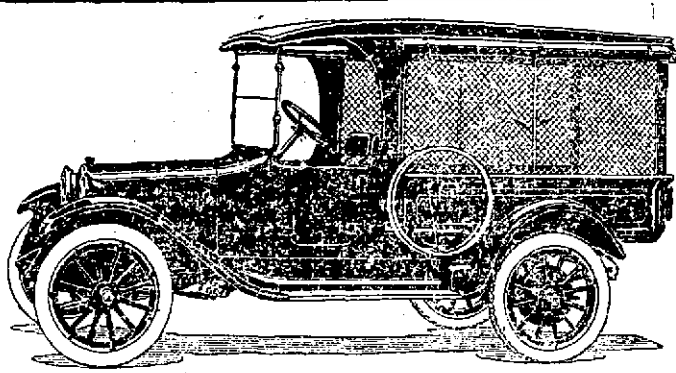

"Well," the Hoosier declared proudly, almost exultantly, "they're all from Indiana."

"I love your loyalty," the little lady in white replied, with sincere commendation in her tone. Then as he turned to go she added: "And some day when I get back from California and have a little time to waste I'll run down to Indiana."

The gentleman from Indiana had meant to say something but he didn't. It suddenly occurred to him that the last word had been said. Instead he only smiled and took off his hat to Madame Thiers, of Milwaukee. Soldier or no soldier he had been defeated in open repartee by the oldest woman in Wisconsin.

BLOCKADE IS LIFTED.

Paris, Aug. 5.—The council of five lifted the blockade against Hungary today. The Danube is completely open to foreign trade now.

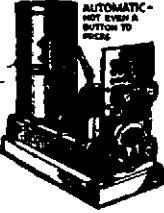

DODGE BROTHERS BUSINESS CAR
The Good Will of an Army

Soldiers grow to love the tools, weapons and implements that serve them.

They admire especially the inanimate thing that shows grit and endurance in a tight place.

That is American—and that is the American Soldier in particular and that is the sort of glory woven around Dodge Bros. motor car in the World War. There will always be associated with it the remembrance of the work it did—in army service on both sides of the ocean.
